This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speed servers. Any file in any format can be uploaded and downloaded for free. If only we could, we surely would! On the other hand, using file can actually save you money. You don't need any special software installed to be able to download your files. No account or credit card is required to get started. The cost of that data transfer is covered by your internet service or the data plan onyour phone. Simply upload your file and share the link. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. File isfree to use with no gotchas and no hidden fees. You can give this download link to your friends by mail or instant messenger. Keep your files private, or sendyour download links only to friends or family. So try our free and simple filehosting service now. Our service is completely free for everyone. filehostingprovides an easy possibility for you to send large files to your friends. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Unfortunately, we can't make that part free. You decide whoyou want to share your files with. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storagefees. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. It is also allowed to link to the download page from websites and communities. You can upload any type of file (movies, music, docume
