Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want to share with your friends and we send you a download link to your file. Any file in any format can be uploaded and downloaded for free. Files can be downloaded from any computer from our high speed servers. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You decidewho you want to share your files with. No account or credit card is required to get started. File is free to use with no gotchas and no hidden fees. The cost of thatdata transfer is covered by your internet service or the data plan on your phone. filehosting provides an easy possibility for you to send large files to yourfriends. Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forums and social networking sites.Using file, you can circumvent those limits without paying to upgrade your team chat service. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. Unfortunately, we can't make that part free. Our service is completely free for everyone. There are no restrictions on thenumber of times a file can be downloaded. You can give this download link to your friends by mail or instant messenger. You don't need any special softwareinstalled to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps havelimits to the size of files that can be transferred within their apps. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. It isalso allowed to link to the download page from websites and communities. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Keep your files private, orsend your download links only to friends or family. We have no file size limit. If only we could, we surely would! On the other hand, using file can actuallysave you money. So try our free and simple filehosting service now.
