Maybe even better than free.

File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. We have no file size limit. Any file in any format can be uploaded and downloaded for free. Our service is completely freefor everyone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. The cost of that data transfer is covered by your internet service or the data plan on your phone. If only we could, we surely would! On the other hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. Just upload the file you want to share with your friends and we send you a download link to your file. It is also allowedto link to the download page from websites and communities. So try our free and simple filehosting service now. You can give this download link to yourfriends by mail or instant messenger. You don't need any special software installed to be able to download your files. filehosting provides an easy possibility foryou to send large files to your friends. There are no restrictions on the number of times a file can be downloaded. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. Unfortunately, we can't make that part free. You can upload any type of file (movies, music,documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. You decide who you want to share yourfiles with. No account or credit card is required to get started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Filestransferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file, you can circumventthose limits without paying to upgrade your team chat service.
