Unfortunately, we can't make that part free. Keep your files private, or send your download links only to friends or family. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Simply upload your file and share the link. Ourservice is completely free for everyone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferredbetween your computer or phone and our servers, then from our servers to your friends device. filehosting provides an easy possibility for you to send largefiles to your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You cangive this download link to your friends by mail or instant messenger. So try our free and simple filehosting service now. Just upload the file you want to sharewith your friends and we send you a download link to your file. The cost of that data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to download your files. You can upload any type of file (movies, music, documents, images, zip files and more). If only we could, we surely would! On the other hand, using file canactually save you money. There are no restrictions on the number of times a file can be downloaded. We have no file size limit. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. You decide who you want to share your files with. Using file, you can circumventthose limits without paying to upgrade your team chat service. Why pay storage fees for a file that you just wanted to send to a friend or colleag
